The #1 Tradeshow in Air Cargo

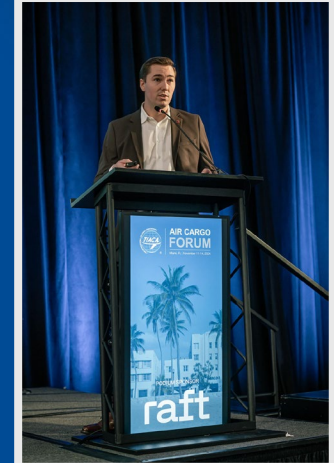

Building upon the success of past Air Cargo Forums, we are proud to announce that the Air Cargo Forum 2026 will take place in Miami from October 26-29, 2026.

In 2026, we would like to enhance the ACF even more! Aligned with our key event principles as a membership-focused organization we feel that it is vital that the ACF remains a world-class global event, that brings the entire air cargo community together and aims to add value to the industry at large. We're looking forward to offering guests the complete package; exhibition, sponsorship, advertising, networking opportunities, and plenty of fun!

We are excited to deliver another successful ACF that encompasses TIACA's event principles whilst offering more opportunities for attendees to network, such as a golf tournament, receptions, exciting pre/post event excursions, and well-planned after parties. It's vital and necessary that attendees enjoy themselves in one of the world's top tourist destinations. The ACF is much more than an event... it's an experience.

Take advantage of the ample branding & sponsorship opportunities we offer!

Tradeshow Pavilion

Why Exhibit in a Pavilion

Exhibiting within a **Pavilion** offers an elevated experience that goes far beyond a traditional booth. Pavilions bring together a curated group of organizations under a shared theme, industry sector, or regional identity—creating a dynamic, high-traffic environment that amplifies visibility and engagement.

Pavilion booth includes

- 1 meter counter (with a lockable door)
- Branding on the counter front panel
- 1 stool
- Power (1x5amp outlet)
- Inclusion in Exhibitor directory
- Logo on Exhibition floor plan
- Total Pavilion square footage: 400 sq ft
- Individual exhibitor space: 50 sq ft

Total Pavilion Cost: Approx. \$39,750
(includes 8-12 exhibiting companies)

Images are examples only and do not represent final Pavilion set-up.
Overhead branding and set-up can be customized at additional cost.
